

Sessions

The *Difference* for Primary Schools course for Nursery (3-4 year olds) has three sessions:

1 Be Curious

Strong communities grow when we are curious about one another; when we listen, learn, and understand. Exploring differences with kindness and openness builds trust.

2 Be Present

Welcoming others begins with being fully present – with open hearts, attentive minds, and a willingness to truly see and hear those around us. When we embrace each person's unique story and create space for every voice, we show that they belong.

3 Reimagine

When we recognise that power can be shared and reimaged, we open the door for everyone to create change. By listening to different voices and challenging injustice, we empower each person to use their influence (however big or small) to build a fairer, kinder world..
